«PeakTech® P 5150» Differential Pressure Meter with USB

€129.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 5150

GTIN/EAN: 4250569402289

Description

The PeakTech 5150 is a measuring device that is used to determine pressure differences. It has a digital multifunction display with backlight. This high-precision measuring device enables use in installation, diagnosis, repair, maintenance and optimization of air conditioning, heating and ventilation systems. The USB interface and the supplied software are used to log the measured values ⌧ver longer periods.

Technical features

- To measure the static and differential pressures
- Measurement range from -344 mbar to +344 mbar
- Selectable pressure measurement in 11 units as follows: bar, mbar, psi, kg/cm2, kpa and more
- Disable auto-power-off function
- Data hold function
- USB interface and PC software
- Accessories: case, USB interface cable, hoses, AC-Adapter, software for Windows 2000/XP/VISTA/7, battery and manual
