«PeakTech® P 205-01» Analog amperemeter - 0 ... 50µA DC

€32.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 205-01

GTIN/EAN: 4250569401770

Description

The PeakTech 205-01 is an analog ammeter, which is able to measure currents in the range 0 - 50 µA DC with high accuracy due to its scale measuring range. This inexpensive device is for use as a desk device / bench device, which do not need a powersupply to measure the in coming currents. The correct measured values ⌧an be conveniently read by the student on the large analog mirror scale.

Technical features

- High quality device for use in schools and teaching materials
- Stable ABS plastic housing
- No power supply needed for operation
- With mirror scale and 4 mm safety sockets.

Specifications

Display Type: Analog

µA DC max.: 50 µA
