# «PeakTech® P 5185» USB-Datalogger Temperature and Humidity

## €59.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 5185

GTIN/EAN: 4250569403545

## Description

The PeakTech 5185 is a data logger for air humidity and air temperature measurements. The measurements are carried out via an external sensor. With the included software, all desired parameters can be set before recording, e.g. the desired measurement rate, the start function, the time and date or a password to protect the measured data. The recorded measured values ⌧⌧an be evaluated with the PC software.

## Technical features

- Data logger with internal memory up to 32,000 readings
- Simultaneous recording of air humidity and air temperature
- LCD for measurement values
- Sampling rate of 2 seconds up to 24 hours
- User replaceable lithium battery
- External sensor with approx. 2,5m cable lenght
- Accessories: Software for Windows, Required, Sensor, Wall Holder, Protective Cap and manual
