

## «PeakTech® P 205-10» Analog amperemeter - 0 ... 5A/10A AC

€32.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 205-10

GTIN/EAN: 4250569401787

### Description

---

The PeakTech 205-10 is an analog ammeter that has two scale measuring ranges. With the two scale ranges 0 - 5 A and 0 - 10 A AC, it is possible to read the measured currents with high precision. This inexpensive device is designed for use as a desk device / bench device, furthermore this analog device does not require a power supply, which means that it can be used permanently and economically. The respective measured values ~~can~~ can easily be read by the student on the large analog mirror scale.

### Technical features

---

- High quality device for use in schools and teaching materials
- Stable ABS plastic housing
- No power supply needed for operation
- With mirror scale and 4 mm safety sockets.

### Specifications

---

**Display Type:** Analog

**A AC max.:** 5A, 10A
