«PeakTech® P 1070» 300V AC / DC digital multimeter ~ 2000 digit LCD

€17.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 1070

GTIN/EAN: 4250569400100

Description

The PeakTech 1070 impresses with its excellent price / performance ratio as a TÜV / GS-approved multimeter for the hobby electronics engineer or training area. In addition to the extensive measurement functions for direct / alternating voltage, direct current and resistance, this model has a fast-responding continuity test with an acoustic signal and a diode test. In addition, this model has a temperature measurement function with the enclosed wire sensor, which offers a useful addition to the measurement functions, especially for the hobby area. The measuring range is selected manually, which means that this multimeter displays a measured value particularly quickly.

Technical features

- Inexpensive digital multimeter for hobby and training
- 2000 digit LCD display
- DC and AC voltage measurements up to 300V
- µA, mA and A direct current measurements
- Fast continuity test with acoustic signal
- Resistance measurement function and diode test
- Temperature measuring function with enclosed wire sensor
- Safety: TÜV / GS; EN-61010-1; CAT III 300 V
- Accessories: test leads, type K thermal wire sensor, battery and manual

PeakTech®

Specifications

Basic Accuracy DC:	+/- 0,5%
Digital counts:	2.000
Display Type:	LCD
GS - Tested safety:	■
Over voltage category:	CAT III 300 V
Range selection:	Manual
V DC max.:	300V
OHM max.:	2000 kΩ
Temp. max.:	1000 °C
Temp. min.:	0 °C
mA DC max.:	200mA
µA DC max.:	2000 µA
V AC max.:	300 V
A DC max.:	10A
