

«PeakTech® P 3201» Analog multimeter, 500 V AC / DC, 10 A DC

€59.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 3201

GTIN/EAN: 4250569403590

Description

This analog multimeter has a variety of measurement functions, such as the measurement of AC and DC voltage, direct current, resistance measurement with continuity test or dB measurement. Due to the analog technology, batteries are only required for functions such as resistance measurement, in which the multimeter has to output a test voltage. The voltage and current measurement does not require batteries.

Technical features

- Analog mirror scale
- DC and AC voltage measurements
- DC current measurement up to 10 A
- Resistance measurement and continuity test
- Decibel scale
- Safety: EN-61010-1; CAT III 600 V
- Accessories: bag, test leads, batteries and manual

Specifications

PeakTech Prüf- und Messtechnik GmbH

Gerstenstieg 4

DE-22926 Ahrensburg

www.peaktech.de

Display Type: Analog

Over voltage category: CAT III 600 V

V DC max.: 500V

A AC max.: 10A

OHM max.: 200 MΩ

mA DC max.: 500mA

V AC max.: 500 V

A DC max.: 10A
