

## «PeakTech® P 7255» Carrying Case for Measurement Instruments

€24.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 7255

GTIN/EAN: 4250569402661

### Description

---

This high-quality, lockable aluminum frame case protects your electronic measuring devices ideally against all damage while traveling or on the go. The double groove in the closing edge prevents the ingress of dust and splash water, while the padded interior protects the devices from falling damage.

### Technical features

---

- Integrated lock
- Stable carrying case for all kinds of work
- Including cube foam for easy adjustment of the desired shape
- Changeable cube foam available separately
