«PeakTech® P 3296» Analog voltmeter, 0 ... 0.1/1/10/100 / 1000V AC/DC

€74.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 3296

GTIN/EAN: 4250569403903

Description

This analog test instrument for working at work tables and in classrooms, in school and training areas, is particularly suitable for daily use during testing and measuring work due to its stable construction. Since no batteries are required, there is no need to constantly change the batteries. This analog voltmeter has a variety of voltage measuring ranges, from 0.1 V to 1000 V for measurements in AC and DC voltage range. Thanks to the mirror scale, it is possible to display voltage measurements very precisely. The connection is made via a 4 mm safety socket for the respective measuring range.

Technical features

- For DC and AC voltage measurements
- No power supply needed for operation
- With 4 mm safety sockets.
- Protection class II
- Accessories: manual

Specifications

Display Type:	Analog

PeakTech Prüf- und Messtechnik GmbH
