«PeakTech® P 9036» Energy meter 0.1 W with illuminated display

€14.75

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 9036

GTIN/EAN: 4250569407789

Description

The P 9036 energy cost meter for the socket measures watts, voltage, current, kWh, the Cos Phi power factor, mains frequency and electricity costs. The illuminated display ensures that you can always easily read the values. The lighting only switches on when a button is pressed and goes out after about 13 seconds. The power factor is particularly important for accurately measuring the switching power supplies used in modern electronics. With the P 9036, you can keep a constant eye on your energy costs and identify specific savings potential.

Technical features

- For measuring V, A, W, Hz, cos kWh and costs in €
- Large 2’ LCD display with backlight
- Power factor calculation cos
- Safety: GS-approved, EN 61010-1, CAT III
- Accessories: User manual
