«PeakTech® P 205-04» Analog amperemeter - 0 ... 50/500mA/5A DC

€32.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 205-04

GTIN/EAN: 4250569401848

Description

The PeakTech 205-04 is an analog ammeter that has three scale measuring ranges. With the three scale ranges 0 - 50 mA, 0 - 500 mA and 0 - 5 A DC, it is possible to read the measured currents with high precision. This inexpensive device is designed for use as a desk device / bench device, furthermore this analog device does not require a power supply, which means that it can be used permanently and economically. The respective measured values can easily be read by the student on the large analog mirror scale.

Technical features

- High quality device for use in schools and teaching materials
- Stable ABS plastic housing
- No power supply needed for operation
- With mirror scale and 4 mm safety sockets.

Specifications

Display Type: Analog

mA DC max.: 50mA, 500mA
