

«PeakTech® P 4090» Graphical bench multimeter, 22.000 counts with USB

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 4090 GTIN/EAN: 4250569402524

Description

This digital bench multimeter has high-precision measuring functions and a large 4 ½-digit LCD display with backlight. It can be used in the laboratory as well as in mobile service in battery operation. With the optically coupled USB interface and the software, all measurement results can be displayed and saved on a PC, the graphic software has an exclusive, dynamic scaling, which offers the possibility to clearly show even very small changes of the measured values. In conjunction with a PC, this multimeter becomes an extremely versatile measurement recorder. The useful additional functions such as true RMS measurement, relative value measurement, maximum / minimum value holding function and measured value holding function, are features that make this device usable for almost every area.

Software: DMM Tool compatible - download in the service area

Technical features

- 4 1/2 digit, 21 mm LCD display (max. 22000) with backlight
- True RMS measurement
- Automatic and manual range selection
- Measured value, maximum value and minimum value holding function
- Gerstenstieg 4
 Relative value, diode and continuity test function
 DE-22926 Ahrensburg

- USB interface
- Safety: EN 61010-1; CAT I 600 V
- Accessories: power cord, USB interface connection cable, software for Windows, test leads and manual
- Software download: DMM Tool

Specifications

USB:

Basic Accuracy DC:	+/- 0,05%
--------------------	-----------

Digital counts: 22.000

Display Type: LCD

Mains voltage: 240 V AC; 50 Hz

Over voltage category: CAT | 600 V

True RMS:

600V
10A
220 MHz
220 ΜΩ
1000 °C
-20 °C
220mA
220 mV
2200 µA
