«PeakTech® P 7005» Test Leads for Digital Multimeter with extension

€8.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 7005

GTIN/EAN: 4250569402586

Description

This measuring accessorie with 4 mm sockets can be connected to almost all measuring devices and power supplies. With the extension adapters, it is possible to connect the test leads to other test leads in order to carry out measurements over long distances. The safety of these measuring wires is ensured by the double insulation of the lines and the contact protection against conductive metal parts. This makes these accessories ideal for use in training and service.

Technical features

- Safety according to IEC / EN 61010-031:2008
- Overload category CAT III 1000 V
- Double insulation of the wires

Specifications

Cable Length:	ca. 120cm
Contains:	Extension cable
Double isolated:	■
