«PeakTech® P 205-12» Analog voltmeter - 0 ... 30V / 60V AC

€32.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 205-12

GTIN/EAN: 4250569401831

Description

The PeakTech 205-12 is an analog voltmeter that has two scale measuring ranges. With the two scale ranges 0 -30 V and 0 - 60 V AC, it is possible to read the measured voltages with high precision. This inexpensive device is designed for use as a desk device / bench device, furthermore this analog device does not require a power supply, which means that it can be used permanently and economically. The respective measured values ⌧⌧an easily be read by the student on the large analog mirror scale.

Technical features

- High quality device for use in schools and teaching materials
- Stable ABS plastic housing
- No power supply needed for operation
- With mirror scale and 4 mm safety sockets.

Specifications

Display Type: Analog

V AC max.: 30V, 60V
