«PeakTech® P 4965» Infrared-Thermometer -50 ... +380 °C

€39.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 4965

GTIN/EAN: 4250569401176

Description

The P 4965 is an infrared thermometer which enables a quick, easy and precise measurement of surface temperatures with its laser. Hot surfaces or moving objects can be targeted with the laser, making it easier for the operator to record the temperatures to be measured from a safe distance.

Technical features

- 3 1/2 digit, 15 mm multifunction LCD-display with backlight and data hold
- Max. indication: 1999, overloadindication and beeper
- Measured value display °C and °F switchable
- Overrange indication
- Auto Data Hold, Auto power off
- MIN/MAX Hold
- Fixed value emission factor at 0.95
- Safety: EN 60825-1
- Accessories: carrying case, battery and manual
