Description

The PeakTech 7330 is a practical universal carrying case with a foam cube insert in a stable design. This high-quality aluminum frame case in titanium silver color protects your documents and electronic measuring devices from all damage when traveling or on the way to work. The case lid has space for documents in A4 format, writing utensils, business cards or a mobile phone. The case is manufactured in a stable design with reinforced edges and rounded corners and is supplied with a removable cube foam insert. The double groove in the closing edge prevents the ingress of dust and splashing water, while the padded interior protects the devices from damage caused by falls.

Technical features

- Sturdy carrying case for daily use
- Removable cube foam in the bottom part
- Document folder and pen holder in the lid
- Elegant design in titanium silver
- Rounded edges & corner protection
