«PeakTech® P 1035» 600V AC / DC digital multimeter ~ 2000 digit LCD

€29.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 1035

GTIN/EAN: 4250569400094

Description

The PeakTech 1035 is a compact handheld multimeter with a 3 1/2 digit LCD display, which is easy to read due to its large segments and the integrated backlight. In addition to the extensive measurement functions for direct and alternating voltage, direct current and resistance, this model has a fast-reacting continuity test with an acoustic signal and a diode test. The measuring range is selected manually, which means that this measuring device displays a measured value particularly quickly. The integrated battery test function enables a more precise test of 1.5V and 9V batteries than a normal voltage test, since a small load resistance leads to a drop in the test voltage when the batteries are empty.

Technical features

- 27 mm LCD-display; max. 2000
- With backlight
- Data hold function
- Continuity test with acoustic signal
- diode test
- Battery test function for 1.5V and 9V batteries
- Safety: CAT III 600 V
- Accessories: bag, test leads, battery and manual

Specifications

Basic Accuracy DC:	+/- 0,5%
Battery Test:	1,5V, 9V
Digital counts:	2.000
Display Type:	LCD
OHM resolution min.:	0,1 Ω
Over voltage category:	CAT III 600 V
Range selection:	Manual
V AC resolution min.:	100 mV
V DC Resolution min.:	0,1 mV
V DC max.:	600V
OHM max.:	2000 kΩ
mA DC max.:	200mA
mV DC max.:	2000 mV
µA DC max.:	2000 µA
V AC max.:	600 V
A DC max.:	10A
