

## «PeakTech® P 4145-1000A» 1000A AC Current Clamp Adapter with BNC Plug

€189.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 4145-1000A

GTIN/EAN: 4250569404092

### Description

---

Professional transducer that enables precise measurements of high currents up to 1000 A AC in connection with a measuring device with BNC connection. The large opening of the round measuring clamp with handle for one-hand operation and the long cable length enables measurements even on large conductor diameters at more distant measuring stations. This makes this current clamp adapter ideal as an accessory for power meters, network analyzers and oscilloscopes.

### Technical features

---

- Also suitable as an accessory for the PeakTech 4145 power analyzer
- For conductor diameters of max. 52mm
- Cable length: approx. 290cm
- Power conversion: 1mV / A (1:1000)
- Accuracy class: IEC 60044-1 @ 1%

### Specifications

---

**Clamp Opening:** 52 mm

**Input connector:** BNC
