«PeakTech® P 8104» Measurement Equipment Set Temperature & Dew Point

€179.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 8104

GTIN/EAN: 4250569403538

Description

This comprehensive set is suitable for a precise evaluation in the construction sector, heating and air conditioning technology or many other areas of application. Contact temperatures can be reliably measured with the P 5140 two-channel thermometer. Non-contact infrared temperature measurements are carried out with the P 5400 combination measuring device, which also detects the air humidity and offers a dew point alarm for areas at risk of mold.

Technical features

- Integrated lock
- Stable carrying case for all kinds of work
- Thermometer PeakTech 5140
- IR thermometer PeakTech 5400

Specifications

Contains: Carrying case, IR-thermometer, Rod temperature probe, Thermocouple element, Thermometer (2 CH)
