«PeakTech® P 205-02» Analog amperemeter - 0 ... 100µA DC

€32.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 205-02

GTIN/EAN: 4250569401756

Description

The PeakTech 205-02 is an analog ammeter, which is able to display currents in the range 0 - 100 µA DC with high precision due to its scale measuring range. This inexpensive device is designed for use as a desk device / tabletop device, furthermore this analog device does not require a power supply, which means that it can be used permanently and economically. The respective measured values ⌧⌧an easily be read by the student on the large analog mirror scale.

Technical features

- High quality device for use in schools and teaching materials
- Stable ABS plastic housing
- No power supply needed for operation
- With mirror scale and 4 mm safety sockets.

Specifications

Display Type: Analog

µA DC max.: 100 µA
